# Why choose us

## WHO ARE WE?

We are a small community based Eco camp, run by one Dutch young woman named Anne & an original Maasai Warrior & Maasai Community chief named Shinka Parmuat, also known as Dennis.

You might start thinking, why the name Dennis? But each Maasai is born with 2 names. One part of their tribe & one English or biblical one. But enough said, Let us further introduce Shinka who is a young community leader from the Siana/ Nkineji area, passionate about people, wildlife conservation & community work aiming to guide the next generation in his area to success and more stability - all through tourism.

Shinka knows how to balance both modern life & Maasai culture - steering the next generation to new hopes, connections & prosperity. Together with our team of experienced young Maasai men & women we like to welcome you at our camp, in a beautiful open location only 5 minutes from the Masai Mara National Reserve.

## THROUGH THE EYES OF A LOCAL

Our new package line called "Through the eyes of a local" is especially designed to highlight not only the natural wonders that the Masai Mara has to offer - but this through the eyes of a highly experienced and passionate Maasai. Who literally knows the Masai Mara back & forwards.

Seeing it through their eyes does not only give local people a platform but it also shows how talented they really are. They will blend in their culture with nature and you will truly learn & see many new things once you open your mind to it.

To experience the Masai Mara "through the eyes of a local" that in this a Maasai is what sets us apart and creates an unforgettable journey for you into the wild!

P.S We do have a very laid back & simple approach - it's a family vibe! Please do not compare us with the big lodges in the Mara. We are about simplicity appreciating the simpleness & authenticity of what the Maasai culture is able to offer
