CAMP

Why choose us

WHO ARE WE?

We are a small community based Eco camp, run by one Dutch young woman named Anne & an original Maasai Warrior & Maasai Community chief named Shinka Parmuat, also known as Dennis.

You might start thinking, why the name Dennis? But each Maasai is born with 2 names. One part of their tribe & one English or biblical one. But enough said, Let us further introduce Shinka who is a young community leader from the Siana/ Nkineji area, passionate about people, wildlife conservation & community work aiming to guide the next generation in his area to success and more stability - all through tourism.

Shinka knows how to balance both modern life & Maasai culture - steering the next generation to new hopes, connections & prosperity. Together with our team of experienced young Maasai men & women we like to welcome you at our camp, in a beautiful open location only 5 minutes from the Masai Mara National Reserve.

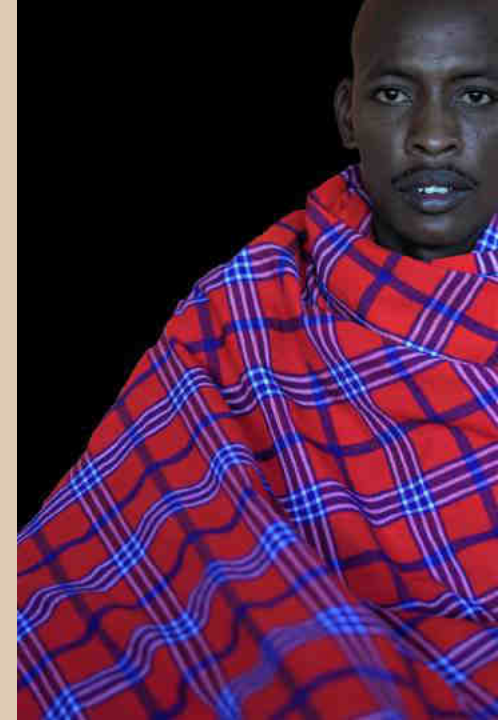

THROUGH THE EYES OF A LOCAL

Our new package line called "Through the eyes of a local" is especially designed to highlight not only the natural wonders that the Masai Mara has to offer - but this through the eyes of a highly experienced and passionate Maasai. Who literally knows the Masai Mara back & forwards. Seeing it through their eyes does not only give local people a platform but it also shows how talented they really are. They will blend in their culture with nature and you will truly learn & see many new things once you open your mind to it.

To experience the Masai Mara "through the eyes of a local" that in this a Maasai is what sets us apart and creates an unforgettable journey for you into the wild!

Family Experience in the Masai Mara Tripadvisor

Family experience of the Maasai Mara

We stayed as a family of 4 with our kids, 10 and 12 years old and had a fantastic experience. This camp is for people who want more than just a safari. The camp is run by the local Maasai community and their dutch partner. Thus, the camp provides also insights into the culture and life of the Maasai people. We were mostly accompanied by our guide Sopia, who provided us with many interesting insights into his culture and to the local wildlife. We did two safari drives into the Mara, seeing so many animals, from Elephants, Leopards and lions to small and big birds. The great migration is impressive to see. But also the smaller hikes into the close surrounding were fascinating, learning about local healing plants and other details. Dennis and Anne are always interested in how to improve the experience in the camp and work on continous improvements. The tents were big enough and clean, the bathroom is given the location luxury, even if you have to wait for the water to come warm. The animals in the camp, the pig, cows and dogs were always a nice entertainment for the kids. We were really sad to leave the camp and hope to be back one day....

Magical Maasai Mara! Adventurous & wild Oseki MAASAI Mara!! Tripadvisor 2022

We had one of the best experience in this camp. Dennis who is one of the owners of the camp helped us plan our trip from India! It was a well planned Hassle free trip!

The tents are very spacious and clean, the toilets are clean and well maintained too. The water in the shower was just about warm - However it was not a reason for us to complain, as everything else was topnotch here.

We also heard 2 lions roaring around the camp along with a hyena howling! What an experience that was! But we felt safe as we knew that the Maasai warriors in the camp are guarding us against all odds!

The food here is good. The team puts in a lot of effort to cook a very very early breakfast and lunch & to cleanly pack them for all the travellers who opt for their full day safari! Really appreciate their efforts!

The SAFARI was a sublime experience! We were really lucky to have one of the best Masai guide and driver LAWRENCE! He is simply THE BEST! We spotted all the BIG 5, the UGLY 5 and almost saw all the different kinds of animals that live there! We got lucky to see the wildebeest migration on 2 days, along with the croc & hippo infested Mara river where the crocs where hunting down the wildebeest! Saw lions enjoying their kill, vultures scavenging on zebra remains, lion pride's with their cubs, cheetah's waiting to hunt, giraffe's nursing their young ones and many more such wonderful sights! All thanks to the extraordinary dedication & skills of Lawrence - He made this the most MEMORABLE trip of our lifetime!

Anyone who is looking for a wild experience in the heart of Kenya - should visit Oseki camp! You will love it for sure! The Maasai's at the camp are very friendly & warm people! We will surely return to this place soon! Loved the place and the people there! A BIG thanks to both Dennis & Lawrence - you guys made this trip one of the most memorable ones for us!! ASHE OLENG!
